ORDINARY WHOLE LIFE

- This is an Ordinary Whole Life policy based upon 2017 CSO mortality table.
- Premiums are payable for life.
- This is the least expensive form of permanent insurance.
- The face amount is payable upon death.
- Policy builds cash value.
- Annual dividends are issued and used to purchase additional paid up insurance, thereby increasing death benefit. Policy must be in effect for two years before dividends are issued.
- Rates are banded by male and female, the more you purchase- the lower the cost per \$1,000.
